Where do I start and finish?

The main chapter begins at the Marché des Enfants Rouges, on Rue de Bretagne, and ends at Passage des Panoramas. Saint-Germain starts at Rue de Buci and finishes at Le Procope.

Can I do just one chapter?

Absolutely. The seven-stop main chapter and the three-stop Saint-Germain chapter work as separate outings. If you do both, plan a transfer between them. There is no connecting walking route on these maps.

What should I budget?

This page's maps are free to use. Food, drinks and shopping are your own choices; check each venue's current menu. Full tour availability and access conditions are shown in the app.

How long is it? Is it step-free?

There are outdoor streets between the covered passages, and cobbles in the Saint-Germain chapter. Bring comfortable shoes. Step-free access, exact walking distance and total time are still being checked; this preview is not an accessibility-verified route.

What if a passage or shop is closed?

Check the opening information before you leave. Enjoy the exterior, then use the next stop's Maps link to plan your way onward. Never rely on an illustrated shortcut or enter a closed passage.
